Extending the reality with 3D modeled projection mapping

By 20061044 Minoong Ji

V Squared Labs are creative, playful, inspired and focused VJ's, Animators, Designers, Producers, Programmers and Architects. Marketing Agencies, management companies, musicians and brands work with them for innovative

solutions that blend the latest technologies with creative strategies.

They models 3D animations with Maya and 3DS MAX and project it on real surfaces (projection mapping). Lots of electric musicians and international

music festival holders are working with V Squared Labs : Skrillex, Infected Mushroom, UMF Korea, and so on.
